## EAGLES AGAIN BUY LIBERTY BONDS

Maysville Lodge Shows Its Patriotism by the Purchase of Another Thousand Dollars Worth of Bonds.

There has not been a more patriotic organization in the city of Maysville since the war with Germany and her allies began than the local order of Eagles. This organization has had a part in every war endeavor and has done its full part to stand by the government. It is more than likely that there are more Mason county men in khaki from this organization than from any other organization in the city.

At last night's meeting the order voted to purchase a thousand dollars worth of Liberty Bonds of the Fourth loan in addition to the bonds of previous loans which they still hold.

So far as is known this is the first fraternal organization in the city that has invested any of its funds in the Fourth loan. The credit will go to the Third Ward in which the Eagles' home is located and will help considerably in swelling the total of that ward.

## DOVER AND BROOKSVILLE MEN DIE AT CAMP TAYLOR

Claude Pabst and Charles Tegarden Die at Army Cantonment of Pneumonia—Ill But Only For a Few Days.

The ravages of Spanish influenza have been brought closer to home in the past few days. Two young men well known here. One a Mason county man and another a Bracken county man died Thursday at Camp Zachary Taylor of pneumonia brought about by Spanish influenza or grip.

Claude Pabst, the first Mason county man to die of this pneumonia, was the son of Mr. and Mrs. Adam Pabst, of the Dover neighborhood, and was one of the county's most industrious and well liked young men. His body will be brought home for burial.

Charles Tegarden, who also died of pneumonia Thursday at Camp Taylor, is a resident of Brooksville. Only a few months ago he carried Miss Jewel Lee Davis, of this city. He has many friends here and is almost like a home boy.

The many friends of the relatives of both young men extend heart-felt sympathies. They were both heroes and both died in the service of their country.

### CORRECTION

Through an error of the Liberty Loan Committee the names of Mr. Louis Merz, Dr. G. L. Howard and Squire Fred Dreese were omitted from the list of Precinct Solicitors which were recently published. This omission is greatly regretted as this team raised over one-third of the total subscriptions of the Sixth Ward. The Sixth Ward has now raised its quota of \$30,000 and is continuing to take subscriptions and will go "over the top" with a big margin.

## PURE FOOD INSPECTOR FINDS MAYSVILLE STORES O. K.

Representative of the Pure Food Department of the State Board of Health Inspects Local Stores, Hotels, Restaurants and Meat Shops.

For the past several days an inspector from the State Board of Health has been in the city looking over the local food stores, meat shops, creameries, hotels and restaurants. He finished his work last night and left this morning for Lexington where headquarters are maintained.

The inspector has nothing but good words for the splendid stores and meat shops in Maysville. He found all of the public eating houses in first class condition and the creameries as sanitary as any in the state. Not a serious complaint was made by the inspector in regard to conditions he found anywhere in the city and only a few changes were recommended.

While in the city the inspector had the full co-operation of County and City Health Officer J. S. Locke and the City Board of Health and he spoke in glowing terms of the general sanitary conditions about all of our places of business.

## "FLU" DON'TS

The Mason County Chamber of the Red Cross yesterday received the following simple precautionary rules for the avoidance of grippe or Spanish influenza and the lessening of its intensity. The American Red Cross requested that it be given publicity:

1. All colds, however slight, should be treated as possible attacks of influenza. Patients affected by colds should stay at home and sterilize discharges from the nose and throat.
2. Avoid feeling or spreading fear of the disease.
3. Avoid crowds.
4. Regulate bodily functions and keep them so.
5. Avoid the breath or expelled secretions from people suffering from colds.
6. Wash out the nose and throat two or three times daily by a nasal spray or douche and by a gargle with a "normal salt solution" (½ teaspoonful salt to one glass (8 ounces) clean water).
7. All those in attendance on patients with influenza should wear masks such as are provided by the Red Cross Nursing Bureau.
8. Clothing should be warm and dry. Food simple and easily digested. Drink water freely.

Medical Advisor.

## CORN CROP IS GOOD

The farmers are now spending much time in cutting up their corn crop. They report that the crop this year is much better than it was last and while not a perfect crop it is said to be very good one and unless a freeze affects it before it is hardened there will be plenty of meal corn for this winter.

## BRITISH CAVALRY DASHES BEYOND GERMAN LINES

Open Fighting Near St. Quentin—Yanks Advance Three Miles East of Rheims—French Launch New Attacks.

Paris, October 4—British cavalry, pouring through the breach in the German defenses northeast of St. Quentin, is said to have entered Fresnoy-le-Grand.

Airplanes, flying almost at will above the advancing British are reported to have wireless headquarters that their own horsemen were seen in Fresnoy-le-Grand, which is about seven miles northeast of St. Quentin and four miles beyond the last German wire and trench stronghold in this region, which is known as the Beaulieu line, and stretches from that village to Fossoy.

The country where the cavalry is reported operating is ideal for maneuvering, as the Beaulieu line is the last real trench system, and the enemy will not be able to build another, except far in the rear of the present shattered line.

London, October 4—British troops held the high ground northwest of Sequehart in close fighting yesterday, and beat off counter-attacks on Gouy and Le Catel, Field Marshal Haig reported today.

North of St. Quentin more than 4,000 prisoners were taken yesterday.

The British have advanced about a mile farther between Arras and Lens, reaching the railway east of the latter place.

With the Americans' First Army, October 4—American troops, attacking east of Rheims in conjunction with the French, have advanced nearly three miles. The battle is continuing.

The assault began at 6:30 yesterday morning without any artillery preparation. The Germans were completely surprised. Following a rolling barrage for two and a half miles uphill, the French-Americans gained the day's objectives before noon, despite determined resistance from the enemy, who occupied a series of machine-gun nests.

A large number of prisoners, guns, machine-guns and supplies were captured.

Paris, October 4—(Noon)—The battle has been resumed with heightened intensity all along the western front, with new attacks launched at various points. Continued progress is reported in the Champagne. Indications are that the Germans will attempt a stand in Flanders on the Haute-Deule Canal, which winds from five to seven miles east of the Lens-Amentieres line northward to Lille.

Rome, October 4—The Austrian naval base at Durazzo, on a peninsula in the Adriatic sea, 53 miles south of Szentari and the seat of Austrian naval operations in Albania, has been destroyed by American, British and Italian warships, according to the announcement made by Premier Orlando.

Italian and British cruisers, he said, protected by Allied torpedo boats and American submarines, went through the mine fields and evading the U-boats, got into the harbor and began the bombardment at noon, last Wednesday. Every Austrian ship lying there was destroyed with the exception of a hospital ship, which was given time to withdraw to safety. With the exception of slight damage to a British cruiser by a U-boat's torpedo, no losses were suffered by the Allied squadron.

London, October 4—British troops held the high ground northwest of Sequehart in close fighting yesterday, and beat off counter-attacks on Gouy and Le Catel, Field Marshal Haig reported today.

North of St. Quentin more than 4,000 prisoners were taken yesterday.

The British have advanced about a mile farther between Arras and Lens, reaching the railway east of the latter place.

## SUNDAY SCHOOL WORKERS WILL HOLD MEET TONIGHT

There will be a very important meeting of the church and Sunday School workers at the Christian Church this evening which should be attended by all Sunday School teachers who are interested in improving themselves as teachers. Out of this meeting this evening it is more than likely that some arrangement for the establishment of a Union Teachers' Training class will grow. All who can possibly attend this meeting should do so.

Lieut. J. H. Randolph, of Kelly Aviation Field, Tex., is spending a short furlough with friends here.

## SEVERAL LARGE BOND SUBSCRIBERS REPORTED IN CITY

Mason County Liberty Bond Salesmen Are Pounding Away at Their Jobs and the County Is Climbing Up the Ladder to Her Quota.

Liberty bond salesmen in every precinct in the city and county are keeping up the good work. Not a committee has yet laid down but they are forging ahead and all are reporting that they are meeting with much success. The county has begun to make a larger showing and tomorrow the county organization is expecting the county precincts to make a big jump toward their quotas.

The city of Maysville teams are doing great work. The Fifth Ward is reported "over the top" today. With a quota of \$30,000, they have already reported \$37,000 and the committee this afternoon said that the ward would go beyond \$40,000, before they had finished their campaign. Some of the wealthiest and most patriotic men in that ward are yet to be seen.

Several large purchases were reported today. Mr. and Mrs. A. C. Sphar, of the Fifth Ward purchased \$5,000 in bonds. The Sphar Pressed Brick Company invested \$5,000 which will be credited to Dieterich precinct. The Farmers and Planters Tobacco Warehouse Company purchased \$10,000 worth of bonds today also. Half of this will be credited to Dieterich precinct and the other half to the Sixth Ward as this company has property in both precincts.

Dieterich precinct is going to make a wonderful showing as so many of the tobacco concerns which are making large purchases must give that precinct credit.

The Sixth Ward has passed its quota and is striving for a high figure and Washington precinct went far over its quota today. The quota for Washington was \$60,000 and this afternoon they report close to \$70,000 pledged and \$62,500 actually turned in. The reports this afternoon at the close of business show that during the day a total of \$89,950 worth of the bonds were sold bringing the county's total up to \$349,100 divided as follows:

City of Maysville.....	\$186,450
May's Lick .....	26,950
Washington .....	62,850
Lewisburg .....	8,400
Helena .....	3,300

## DISTRICT MEETING OF WORKERS HELD AT BEECHWOOD TODAY

Much Interest Was Created Among Delegates Throughout This District by Splendid Addresses Delivered at Park.

The meeting of delegates from every community in this district who are planning for the big drive beginning November 11 for several allied war activities which was held today at Beechwood Park was a great success in every way.

The chief idea of the meeting was to send the delegates back to their various communities filled with enthusiasm to enter the campaign with a determination to meet the state's quota and over-subscribe it.

A splendid luncheon had been arranged by Mr. Charles Rhomiller and served by the young ladies of the Maysville Settlement Club which was very much enjoyed by the large number present. Mr. and Mrs. Carl Dadds entertained the delegates with some beautiful songs and the entire audience joined in singing the United War Work Campaign's official song, "God Save Our Men."

Mr. R. A. Cochran, chairman of this district, introduced Mr. C. A. Tevobaugh, of Louisville. State Secretary of the Y. M. C. A. who is at the head of this campaign and he acted as chairman of the meeting.

Every organization represented in the drive had a representative present to speak. The speakers and the organizations they represented were as follows:

Mrs. Casselberry Dunkerson, Louisville, State Chairman Women's Department; Miss W. London, State Executive Secretary, Women Department; Col. P. H. Callahan, Louisville, Knights of Columbus; C. V. Camden, State Executive Secretary Boys' Department; Adjutant Gourlay, Cincinnati, Salvation Army; George T. Settle, Louisville Librarian, American Library Association; T. J. Resler War Camp Community Service; C. L. Harris, State Executive "Colored Work; George E. Hays, Y. M. C. A.; Benjamin S. Washer, Y. M. C. A.

All of these addresses were very interesting and the delegates left the park very enthusiastic over the coming drive.

### FALSE ALARM

The report circulated here yesterday that Turkey had asked for an armistice with the allies proved to be considerably premature.

## TOBACCO AND CORN FAIR SEEMS ASSURED

Business Men Show That They Want the Tobacco Fair This Winter by the Way They Rent Winter Space — Committee Has Many Yet to See.

The special committee recently appointed by the Maysville Chamber of Commerce to call on the business men to see whether they wanted the Corn and Tobacco Fair this year, were out canvassing the business section this morning and met with much success.

On all hands they heard nothing but good things and loud boasts about the big fair. Twenty-eight of the business men who had booths at the fair last year were visited and 27 of the 28 rented booths again this year—only one business man refusing. There are yet several more to see but the committee feels very much encouraged and feels certain that the fair this year will be bigger and better than ever.

As soon as this committee calls on all of the business men and makes its final report the fair will be definitely decided upon and plans will go forward for one of the best displays ever made here.

## GROCERS' ASSOCIATION WILL BE CONTINUED

For some time interest in the Maysville Retail Grocers' Association has been very low and there was some discussion about dropping the organization. A very interesting and important meeting of the organization was held at the Chamber of Commerce last evening when the merits of the association were discussed. Those members who have been active in the work have received so much help from the association that they refused to let it drop but resolved to give it more attention in the future and make of it the live organization it should be.

## INVESTIGATING SOME WHO DID NOT REGISTER

It is understood that the Mason County Exemption Board assisted by the Federal authorities here are making investigations into some Mason county men who did not register at the last registration and yet who are said to be within the age limits. It is more than likely that several will be on the carpet for a thorough investigation within the next few days.

## Here's How the Real Americans Can Best Demonstrate Their Patriotism!

For those who cannot join the colors the next best way is to join heart and soul in every patriotic movement in support of the government.

By always helping when help is needed—by always giving moral and substantial support to all war activities to make extreme sacrifices if need be—to subscribe freely to the fullest extent for all Government loans.

All true Americans are again called upon to prove their patriotism by investing in Liberty Bonds. While the boys in khaki may be required to make the supreme sacrifice, you are only asked to lend your money to your Government so that those "over there" can be provided with the proper food and clothes and munitions of war.

## PLAIN NATURAL IRON BEST TONIC

Costs but a Fraction What Weaker  
Preparations Sell For—A Spoonful  
in a Glass of Water a Dose.

The absolute proof that medicinal  
iron would help the blood and  
strengthen people wonderfully has  
caused many chemists to perfect more  
or less efficient iron tonics and more  
or less efficient tablets.

For most people, however, the  
writer would say that just plain high-  
ly concentrated Acid Iron Mineral is  
better, far cheaper and stronger and  
goes from two to six times as far.

A bottle of Acid Iron Mineral, kept  
handy and a teaspoonful poured in a  
glass of drinking water after meals,  
makes a delightful, very unusual and  
highly beneficial tonic and strength-  
ener, and if the blood needs enriching  
it would be hard to find  
does it better or aids  
the system of rheumatism and kind-  
red ailments quicker than just plain  
concentrated Acid Iron Mineral,  
which is the name for non-alcoholic  
natural iron.

It also has a beneficial effect upon  
appetite and digestion, and the kid-  
neys soon show its effects.

(Note:—A-I-M does not act as a  
laxative and should not be used to  
stimulate the liver or bowels a good  
laxative tablet like A-I-M Liver Pills

## LONE FISHERMAN BOARDS U-BOAT AND KILLS TWO

British Destroyer Comes to Rescue;  
Submarine and Crew Taken

Baltimore, Md.—The daring and de-  
spicable flight of a British fisherman, in  
which he killed the commander and a  
member of the crew of a German sub-  
marine, is told by a British naval man  
who is visiting in this city.

The fisherman was alone in his tiny  
craft a few miles off the coast of Eng-  
land when suddenly the conning tower  
of a U-boat shot up near him, and  
then a brace of shots blew the small  
craft into splinters. Fighting for his  
life in the sea the brave fisherman had  
nearly abandoned hope when his foot  
touched the deck of the submarine,  
again coming to the surface.

He improved his foothold. The con-  
ning tower opened and the U-boat  
commander thrust out his head. It  
was his last thrust, for the frenzied  
Britisher, realizing that he was to die  
anyway, made a dying tackle and  
caught the U-boat chief around the  
neck.

Hanging on like the proverbial  
British bulldog, he was fast choking  
the life out of the Hun when a mem-  
ber of the U-boat crew came hurrying  
up the ladder of the conning tower.

But the daring Englishman was not  
daunted. He had jerked the Hun  
commander half way out of the con-  
ning tower, and, seized with an in-  
spiration, snatched that worthy's au-  
tomatic from his belt and fired down  
into the conning tower at the new-  
comer, blowing out his brains. An-  
other shot finished the captain.

At that particular stage of the pro-  
ceedings a British destroyer hove in  
sight and, coming speedily up, cap-  
tured the U-boat and its crew, and  
rescued the English fisherman. The  
Hun commander was buried at sea,  
as was the other chap, whose brains  
the fisherman had scattered.

Rev. Mandeville J. Parker, late  
rector of the Episcopalian church in  
Uniontown, Pa., has been commended  
for valor by the commander of the  
brigade to which he is attached as  
Y. M. C. A. worker, the news coming  
direct to the National War Work  
Council of the Y. M. C. A. Major T. N.  
Vail of Harrisburg, Pa., was in com-  
mand of the machine gun detachment  
which went in advance of the infantry  
in an attack on positions at Glennes.  
Captain John Warren of Scranton, Pa.,  
led a group that got into some of the  
hottest places. Out in front of them  
all told Mr. Baker, working along on  
lands and knees and turning plenty of  
calls for his bandages and dressings.

## HANK'S FILOSOFY

That disease kills more than war  
is brought home to us now in the  
midst of this great conflict. One train  
arriving in Maysville Thursday even-  
ing carried the bodies of two soldiers  
and one soldier's wife who had died  
of disease at Louisville.

Look out boys,—the chicken inspec-  
tor is coming from Lexington the first  
of next week.

The muddy "Hoone Trail" through  
the East End is paved and now the  
City Dads are going to put rock as-  
phalt on Fourth street. The first thing  
we know we won't have any mud  
roads for which Maysville was so long  
famous.

Pretty hard on a dry town when  
even a copper gets drunk on his beat.

Some folks think that because they  
gave \$5.00 to the Red Cross and \$2.00  
to the Y. M. C. A. they have done  
their bit and it may be they have  
but the time of doing our bit has pass-  
ed. Others are spilling their blood.  
They are not doing their bit—they are  
doing their best and that's what we  
must do at home.

Borrow a bill to buy a bond to  
bomb blasphemous Bill's bean.

Most every fellow you meet on the  
street can tell you how best to run  
the other fellow's business. Strange  
how we all missed our colling, isn't it?

The Yank's new battle cry will  
sound familiar in Luke McLuke's town  
—"Over the Rhine."

Gasolineless Sunday bothers some  
of us about as much as the income  
tax, however the rising market on  
beans, bacon and hominy causes no  
little uneasiness.

## FROM COAST TO COAST

A Remarkable Chain of Home Testi-  
mony. And Maysville Adds Its  
Voice to the Grand Chorus of  
Local Praise.

From north to south, from east to  
west,  
In every city, every community;  
In every state in the Union  
Kings out the grateful praise for  
Doan's Kidney Pills.

50,000 representative people in ev-  
ery walk of life  
Publicly testify to quick relief and  
lasting results.

And it's all for the benefit of fellow  
sufferers.

In this grand chorus of local praise  
Maysville is well represented.

Well-known Maysville people  
tell of personal experiences.  
Who can ask for better proof of  
merit?

Ben. P. Fleming, constable of Ma-  
son County, 217 East Leo Street, says:  
"I have used Doan's Kidney Pills off  
and on for several years, getting them  
at Wood & Son's Drug Store, and they  
have been of great benefit. At times  
my kidneys have been out of order  
and I have suffered from a dull, con-  
stant ache through the small of my  
back. The kidney secretions have  
been irregular in passage. A box  
or so of Doan's Kidney Pills have  
never failed to relieve me of the com-  
plaint in a short time."

Mr. Fleming is only one of many  
Maysville people who have gratefully  
endorsed Doan's Kidney Pills. If  
your back aches—if your kidneys  
bother you, don't simply ask for a  
kidney remedy—ask distinctly for  
DOAN'S KIDNEY PILLS, the same  
that Mr. Fleming had—the remedy  
backed by home testimony. 60c all

The English people sure treat us  
royal and we get along with them  
quite well, although they have a lot  
of different ways than us. We are  
called Yanks every place and are  
looked upon as quite a novelty.

Don't know how long we will be in  
England and the way the war looks  
now, don't look like we will be need-  
ed across here much longer. We can't  
write as much as we would like on ac-  
count of the censorship, so will close  
for this time. With love,

## APPRECIATIVE WOMEN

How often is the question asked,  
"Are the testimonial letters published  
in the advertisement of Lydia E.  
Pinkham's Vegetable Compound gen-  
uine and true?" In answer to that  
question we want to answer most em-  
phatically yes; and it is gladness for  
health restored by the use of Lydia  
E. Pinkham's Vegetable Compound  
after weeks, months and sometimes  
years of suffering that has prompted  
these women to write such letters in  
order that other women who suffer as  
they once did may profit by their ex-  
perience.

Practically everything that is of  
use to mankind is the work of an en-  
gineer. Think over the above asser-  
tion.

## RETAILERS ARE URGED TO SAVE ALL KINDS OF PAPER

War Industries Board Asks That All  
Retail Merchants Cut Down on  
Use of Paper.

The Maysville Chamber of Com-  
merce is in receipt of the following  
notice with the request that it be  
brought to the attention of the citi-  
zens of Mason county.

Under date of September 26th, 1918,  
the Chairman of the War Industries  
Board, issued the following notice to  
Retail Merchants.

Notice to Retail Merchants  
Paper conservation is essential as  
a War Measure. Every retail store is,  
therefore, directed to discontinue the  
unnecessary wrapping of merchandise,  
and to reduce its consumption of  
wrapping paper, bags, paper boxes,  
office stationery, etc., to that which is  
absolutely necessary.

Wrapping Paper  
In addition to the discontinuance of  
unnecessary wrapping, your con-  
sumption of wrapping paper can be  
reduced by the following methods:

1. Do not use more paper than nec-  
essary to wrap merchandise.
2. Do not use heavier paper than  
necessary. Consult your paper deal-  
er as to the most serviceable and eco-  
nomical grade.
3. Use the old paper taken from  
parcels delivered to you.

Use newspapers when possible.

## Tissue Paper

You can reduce your consumption  
of tissue paper as follows:

1. Eliminate as far as possible the  
use of tissue paper for packing.

## Paper Boxes

Your consumption of paper boxes  
can be reduced by the following meth-  
ods:

1. Eliminate the Holiday Box for  
Christmas Gifts.
2. Eliminate boxes for candy as far  
as possible.
3. Use lighter weight boxes.

4. Use old boxes for delivery and  
have your delivery man return them  
for further use.

## Paper Bags

A considerable saving in paper bags  
can be made by the following meth-  
ods:

1. Reduce the number of sizes of

methods:

1. Use lighter weight paper and  
small size envelopes.
2. Write on both sides of the paper  
for long letters.
3. Use 1/2 and 3/4 sheets of corre-  
spondence paper for short letters.
4. Use the backs of letters for en-  
velopes.
5. Make use of spoiled sheets and  
backs of envelopes for scratch pads.

Coming Court Day, At the Gem Only, "TO HELL WITH THE KAISER."

The enemy is watching anxiously for the first sign that we are faltering.

Our Government Loans should go "over the top" as eagerly as our soldiers do, in order to carry with them the terror of furious attack. Our dollars must rain upon the enemy as overwhelmingly as our hail of bullets or our storm of shells.

We are fighting for the liberty of the world, for the triumph of our ideals of democracy and self-government over the last great advocate of force upholding injustice. We are buying with our Liberty Loans the security and joy of our people for generations to come. No price could be too high to pay for such a victory—no cost too great for such a purchase.

### DISTRICT REPORTS MANY BOND SALES

Daily Partial Reports From District Show \$10,680,010 Sold in Bonds Thus Far.

Lexington, Ky., October 3—Definite figures from the Lexington Liberty Loan district are coming in slowly, according to Chairman J. Will Stoll, although partial reports have come from nearly forty counties.

So far \$5,648,250 has been reported for the district, with several counties oversubscribed.

Five Lexington firms have so far been placed in the 100 per cent. class of Liberty Loan subscribers. One hundred per cent. means that everybody connected with the firm has subscribed.

More than 6,000 persons in Lexington and Fayette county have subscribed, and a final drive, it was stated today, will be made Saturday.

District Chairman Stoll is certain the \$19,000,000 quota for Eastern Ken-

tucky will be exceeded.

In the Western Kentucky district twenty-four counties have reported and show a total subscription of approximately \$4,819,760.

None of these twenty-four reports are complete. Some indeed, represent only sales made on the opening day of the campaign last Saturday.

Many of the counties in this district—sixty-four in all—are holding up their reports until the Liberty Loan special train arrives, and in each community where the train has tarried thus far subscriptions have literally rolled in.

Although many cities of the State will close their campaigns this week, the State drive will continue until October 19, although some of the leaders insist that every county will be oversubscribed by October 12.

Bourbon county was the first in Kentucky to reach its quota and was quickly followed by Union, Lyon, Carroll and others.

### "ROBBIE" TO SING IN FRANCE

Homer Rodheaver has gone to teach Pershing's boys how to sing "Brighten the Corner Where You are." Escorting his celebrated old trombone, wearing the Y. M. C. A. uniform, Billy Sunday's chorus master will be a soldier song leader for the duration of the war.

"Robbie" is to specialize in the one song he made especially famous, but plans to dispense other, non-evangelistic successes, such as "The Last Long Mile" and "Good Morning Mr. Zip Zip Zip."

### URNS DOWN FACTORY TO TURN OVER SOIL

Massachusetts' Hub Roy prefers Farming and School to Work in a Factory.

Washington, D. C., October 4—Four years ago a garden-club boy in Massachusetts faced what would have seemed even to an adult a hard problem. Born in Italy, but thoroughly inoculated with American ideas of the necessity of education, James was told by his father while in the eighth grade that no longer could he be kept in school. His future path was to lie toward the near-by factory.

Believing, because of his garden-club experience under the auspices of the local leader for the United States Department of Agriculture, that he could earn as much by potato raising outside of school hours as he could in a factory by devoting his whole time, he finally obtained permission from his father to try it. So successful was he that summer that his father was willing he should enter the ninth grade in the fall.

The next spring the superintendent let him have land to use for a large garden. To ten boys he had selected from the upper grammar grades he made the proposition to pay so much an hour and to give each a garden plot. The following excellent advice he offered to them in addition: "If you are going to quit, quit now while it is cool and not when it is hot next August."

By fall he had decided that enough could be earned in the summers to

enable him to attend high school and the agricultural college later. Now a junior in high school he has a good-sized house under lease, where he raises cabbage, cauliflower and tomato plants; he owns an auto truck to handle his produce, has a bank account, and pays his bills by check, and owns at least one Government bond.

With all the school and business cares, he still has time to look after the school welfare of his younger brothers and sisters, visiting their teachers and watching their progress. A factory hand, probably only a mediocre one, has been lost, but a good food producer, has been gained through the vision given James by his boy's agricultural club leader.

Shoes are so scarce in Germany that they are rented by the hour. But the Kaiser would like to give lease on his for 99 years.—Minneapolis Tribune.

## VEGETABLES MUST BE KEPT INSIDE

City Board of Health Refuses to Re-scind Order Requiring Food Dealers to Keep Stock Screened.

Sometime ago the City Board of Health passed an order that all fruits and vegetables must be kept on the inside of the store and not displayed on the sidewalks.

Several of the merchants complained of the order and asked the board to rescind their action. A meeting of the board was held last night and the following order was made:

After full consideration and after hearing statements from the small number of grocers who objected to withdrawing their fruits and vegetables from the sidewalks, we the Board of Health of the city of Maysville, knowing that it is our duty to the people of the city, to protect their health in every possible way and after having requested all grocers to keep their fruits and vegetables and all other food products off the sidewalks where the same is subjected to the dust, flies, and other filth of the streets, and thereby becoming contaminated and rendering the same unsafe and, possibly, unfit for human consumption do now order that all food products be kept off the sidewalks and inside the stores that the same may not be subjected to any more contamination than is possible. We know that in doing this, we are not pretending, but protecting the public health and we hope that the people of Maysville will fully appreciate the position of the board and also its action.

All who fail to comply with this order will subject themselves to the penalties of the law.

## AUSTRIA-HUNGARY MAY BREAK WITH THE GERMAN EMPIRE

London, October 4.—The Press Association understands that there is no doubt that Turkey has notified Germany of her intention to make a separate peace with the Allies and there are also signs that Persia is taking sides against the Ottoman empire, the Daily News stated today.

There are suggestions that Austria-Hungary will break with Germany and the possibility exists that Hungary may act alone.

The Press Association is understood to be very close to official sources of information.

## TROPHY TRAIN WILL ARRIVE EARLY THIS EVENING OVER L. & N.

Many People Already in the City to View the Great Trophy Train Which Will Be Here at 6:30 This Evening—Great Crowd Is Expected Tonight.

Shortly after noon people began to arrive in the city from all parts of this and adjoining counties to see the great War Trophy Train which will be in over the L. & N. this evening at 6:30 o'clock. Late trains on the C. & O. brought people from nearby towns and adjoining counties and automobiles coming in from the inland towns in this section late this afternoon are expected to bring a large number of people to view the wonderful load the train is carrying and to hear the interesting talks of those prominent speakers who are traveling with the train.

Chief of Police Harry A. Ort has figured out all questions of traffic and will have traffic officers on the job early to take care of the immense crowd of people. Everyone who desires to see the train will have to follow closely the instructions of the members of the police department who will handle the line of inspection so that everyone can get to see and hear everything that is going on but it is absolutely necessary that all form in line and move in the direction they are instructed to by the police so that there will be no hitch to mar the occasion.

Persons going to view the train will approach it from Bridge street and move east along the north side of the train turning at the train's end and moving back on the south side of the train and out Third street.

The talks to be made by the French soldier and the other members of the party accompanying the train will be made so that the entire crowd can hear what they have to say.

The Liberty Bond workers will be in the crowd and a special drive for subscriptions will be made while the train is lying here. At most every place in the state where the train has stopped large subscriptions for bonds have been taken and the local committee is expecting to secure as many subscriptions at this train tonight as they would have done in an entire day's work throughout their precincts. Close to \$100,000 in bonds should be sold tonight and after all have seen the terrible Hun mutilations of war with which our men on the Western front are now contending they will be much more willing to give their dollars to help back our men.

Everyone is invited and expected to visit the train tonight. There is absolutely no expense attached to viewing this wonder exhibition and those who fail to visit the train will not only be doing themselves an injustice but will ever regret this opportunity thrown away.

They will be there—thousands of them, but, remember—don't crowd and do what the officers say.

## WHEAT CAMPAIGNERS URGED TO REPORT

## BOYS' BAND MAY BE ESTABLISHED IN MAYSVILLE

Important Meeting of Those Interested in a Boys' Band For Maysville Will Be Held Next Tuesday Afternoon.

A special meeting of the Board of Directors of the Maysville Chamber of Commerce, was held in the Chamber of Commerce rooms yesterday afternoon to hear Mr. John Young, of Connersville, Ind., in regard to organizing a Boys' Band in Maysville.

Mr. Young's plan is that the Chamber of Commerce shall create a fund to pay his salary for a six months term during which time he will assume the responsibility of organizing, equipping and teaching with the aid of his wife, who is an accomplished musician, a band of about 40 boys between the ages of 8 and 16 and an auxiliary band of 15 or 20 pieces from which the larger band might draw.

The Connersville Chamber of Commerce band which Mr. Young is now directing has given many concerts throughout the state, having played at the state fair at Indianapolis and many of the county fairs. Mr. Young also states that the band has participated in several events in Cincinnati. They have also given a concert in the park in their home city every Sunday afternoon and Thursday evening since their organization.

He agrees to form a Boys' Band in Maysville and have them ready for concert work in ten weeks. Every one greatly feels the need of a band in Maysville and Mason county and it is to be hoped that the Chamber of Commerce may be able to secure the services of Mr. Young and his wife.

The boys' band may be considered lightly by some of our citizens but we would inform any that might be skeptical in regard to such an undertaking that all well organized and well directed boys' bands are proving big successes. The boys' band has many advantages such as not being subject to the draft, business, or professional duties which might interfere with their attendance of willingness to turn out and they will prove a great benefit to organized society in keeping the boys out of mischief and educating them in the better class of music.

The directors of the organization have decided to postpone action and have called a meeting of all interested parties at the Chamber of Commerce next Tuesday evening at 4 p. m. at which time the matter will be thoroughly discussed. Every father and citizen interested in the organization of a Boys' Band should arrange to be present at this very important meeting.

## FUND NOW DUE RIVER ASSOCIATION WILL BE RAISED

Special Committee Named to Collect Funds Now Due Ohio Improvement Association From City of Maysville.

For the last few years there has been a tendency on the part of the citizens of Maysville to take a disinterested stand with regard to financially supporting the Ohio Valley Improvement Association. This association has done much good work for all Ohio river cities since its organization in presenting any legislation that would prove a benefit and preventing any legislation that would prove a detriment to the welfare of the Ohio river cities.

For many years Captain C. M. Philster has visited the citizens and obtained subscriptions for membership but three years ago a committee appointed by the local organization has pledged \$300 toward carrying on the work of the organization but only \$50 has been paid leaving a balance due the association of \$250. Mr. H. C. Curran was kind enough to take the subscription amounting to \$50 last year which was forwarded to the convention at Evansville.

We have from time to time approved the good work done by the Ohio Valley Improvement association and have lent them plenty of moral support but we have failed to do our full duty in lending them our financial support.

On the 20th and 24th of this month the association will hold their annual convention at Louisville. Mayor Russell has received a request to appoint a delegation to represent Maysville but has withheld action pending an arrangement to straighten out this financial difficulty so as not to cause the organization any embarrassment. The mayor's sentiments were expressed to the Directors of the Chamber of Commerce at their meeting yesterday and they expressed the belief that steps should be taken to relieve the financial situation. A committee consisting of Messrs. J. N. Kehoe, J. B. Russell and R. A. Cochran was appointed to solicit to make up this deficiency and when this sum is raised the Mayor will appoint a committee of delegates to attend the Louisville convention.

## FUNERAL SATURDAY

Mrs. Lizzie Denney's funeral will be held at Scott M. E. Church at 2 o'clock Saturday afternoon, conducted by Rev. McFarland assisted by others.

Mrs. H. S. Lawwill and son, Stanley, of Indianapolis, arrived yesterday on a visit to Mrs. J. H. Richardson and other relatives.

## MONDAY IS STOCKER CATTLE DAY AT THE LOCAL STOCK SALES

Great Crowd of Farmers and Much Stock Expected in Maysville on Next Monday—October Court Day—Auctioneer Will Be On Hand.

Next Monday is Stocker Cattle Day at the Mason County Stock Sales and during the past month much effort has been made to have a large number of farmers and quite a lot of stock on hand for the day. Arrangements have been completed for an auctioneer to be here all day at the services of the farmers.

The local butchers have announced that they will attend the sales and will purchase as much stock as is offered that they can use and it is also announced that a large number of full bred boar pigs will be offered for sale during the day.

There is every reason to believe that this court day will be one of the best attended and most successful that has been held in Mason county in many a day and all of the farmers who can possibly spare the time out of their tobacco housing work are urged to attend.

Many of the farmers' wives who were not able to be in Maysville during Style Week will want to come in Monday for their early fall shopping. All of the stores and shops will show the latest fall styles and all are invited to make a thorough inspection at all stores.

## COUNTY COURT

In the Mason County Court this afternoon the following orders were made: On motion of Mattie J. Callahan, widow of O. G. Callahan, she qualified as administratrix of his estate with W. H. Robb as surety on bond. Messrs. W. W. Robb, Ben Plekett and John S. Woodward were appointed to appraise the estate of O. G. Callahan, deceased.

## SOLDIER'S BODY ARRIVES

The body of Clarence Adams, of Poplar Flint, Lewis county, arrived here this afternoon over the C. & O. accompanied by a guard of soldiers from Camp Zachary Taylor. Private Adams died at Camp Taylor a few days ago of pneumonia. His remains were taken to his home for burial.

## ON TODAY'S CASUALTY LIST

The name of Joseph Johnson of this county, who was reported as being wounded in France several days ago, appears on today's army casualty list.

Mr. C. D. Pearce, of Louisville, is in the city on business.

# Some Facts About the Liberty Bond Issue

All questions about the present bond issue are answered in the following statement just issued by the Mason County Liberty Loan Committee:

These bonds are known as the Fourth Liberty Loan Bonds. The campaign for their sale started September 28, 1918, and will close October 19, 1918. The Government is offering \$6,000,000,000 worth of them and this sum has been apportioned among the various counties of the several states. Mason county's allotment is \$789,250.

The bonds will be dated October 24, 1918, bear 4 1/2 per cent. interest and will be payable October 15, 1933. The right is reserved by the Government to pay the bonds October 15, 1933. The interest will be paid April and October of each year. Bonds will be issued in coupon or registered form and in denomination of \$50, \$100, \$500, \$1,000, \$5,000, \$10,000.

Provision is made for payment of subscriptions in installments, as follows:

10 per cent. payable with subscription.  
20 per cent. payable November 1, 1918.

20 per cent. payable December 19, 1918.  
20 per cent. payable January 16, 1919.  
30 per cent. payable January 30, 1919.

If you can pay the full amount when you subscribe, or make any other arrangement that may be more desirable, with your bank. The banks will carry the bonds as collateral security on notes executed to them for the purchase thereof and will lend the money to purchasers for ninety days at 4 1/2 per cent. interest. Stamps are not required on notes executed in connection with Liberty Bond purchases.

These bonds will not be convertible into any succeeding issue. The only Liberty Bonds having such a privilege, after November 9, 1918, are the 3 1/2 per cent. bonds, being the first issue.

These bonds are exempt from Government surtaxes, excess profits and war profits taxes, to the amount of \$30,000.

There never was and there never will be a better bond, and every American should be proud to own some of them.
